

EMPOWER YOUR STUDENTS WITH PROVEN STUDY SKILLS & EXECUTIVE FUNCTIONS

SUCCESSFUL STUDY SKILLS 4 STUDENTS (S4)

SKILLS FOR SCHOOL, TOOLS FOR LIFE™

ENHANCING ACADEMIC PERFORMANCE SINCE 2010

Study Skills & Executive Function Workshops for Students

Our flagship, highly interactive science-based workshop equips students with proven strategies on how to prioritize, manage time, organize, prep for tests, take notes, and reduce stress while building confidence in their abilities.

Small Group Tutoring & Regents Prep

Targeted and customized support in math, science, and English, focused on filling knowledge gaps, reinforcing key concepts, and building test-taking strategies.

Parent Engagement Programs

Designed to strengthen the home-school connection and equip parents with practical tools to support their child's academic journey.

Professional Development

Evidence-based professional development equips educators with strategies to enhance student memory, study skills, and classroom participation, thereby improving teaching effectiveness and academic performance.

Differentiator

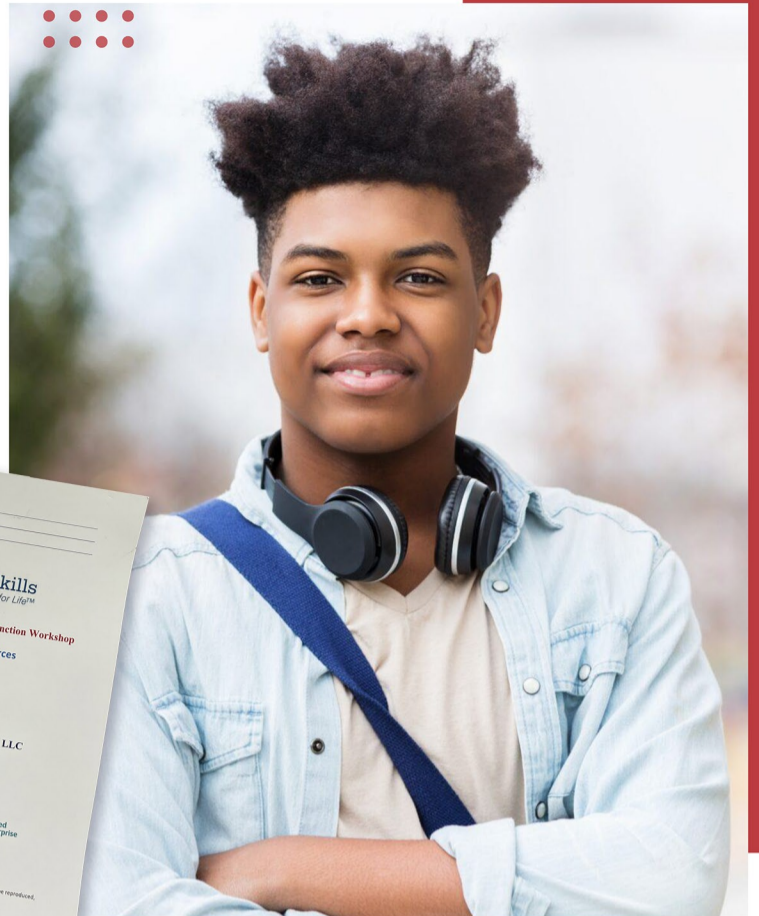

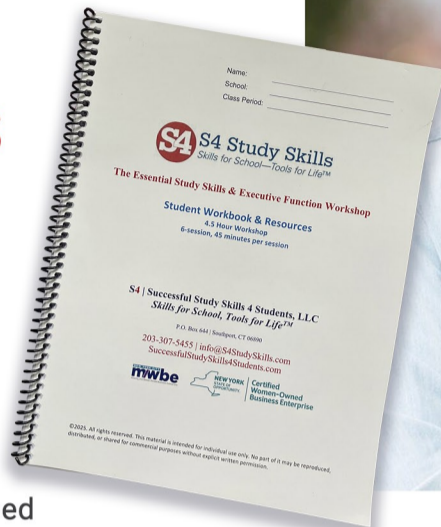

Programs led by certified educators with classroom experience, skilled in delivering practical, results-oriented programs.

Core Competencies

Schools that hosted our programs saw measurable gains in student achievement, attendance, engagement, school connectedness, student confidence, and parent involvement.

- Strengthen academic performance
- Increase attendance and engagement
- Support teacher development
- Deepen family involvement
- Achieve data-driven results

About Us

Since 2010, Successful Study Skills For Students (S4) has been a leader in providing study skills and executive function programs designed to enhance students' academic performance and confidence. Our science-based, practical strategies are personalized to equip students—from middle school to college—with the tools needed for academic success.

Past Performance

We've partnered with fifteen+ NYCPS, such as *Richmond Hill High School, Academy for College Prep & Career Exploration, Thomas Edison CTE, GW Carver, Rockaway Park, and Brooklyn Theatre Arts*, among others, to achieve measurable results, including:

- Higher student confidence and academic ownership
- Stronger time management and organizational skills
- Improved preparedness for assignments and tests
- Increased classroom participation and engagement
- Reduced absenteeism and strengthened attendance culture
